gasser

SINCE 1946

A CHAIRISHED LEGACY

Gasser's legacy began in 1946 with a belief that thoughtful design can change an industry. That foundation has guided us for the last 80 years. Our philosophy is simple: purpose-driven designs with every curve, stitch, and structure crafted to serve both form and function. A legacy, chairished and enduring.

FORGING AHEAD

Founded in Youngstown, OH, with a pioneering spirit and a drive for innovation, Gasser shaped the industry—experimenting with aluminum before it was standard, pushing design and materials further, and setting new expectations for what defines a chair. Today, we're still family owned and still building every chair to order—just as we always have. This is why our chairs call many of the most prestigious properties around the world home.

SIT DOWN. STAND OUT.

Gorgeous finishes and fine tailoring, combined with a commitment to using premium internal components, a stellar quality assurance program, and industry-leading customer service make Gasser chairs stand out above the rest. From elegant casino lounges to high-performance hospitality spaces, Gasser chairs do more than fill a room. They define it.
