## equinox double chaise lounge

(cantilever umbrella sold separately)

## equinox double chaise lounge

TUUCI's exclusive equinox double chaise lounge is luxury and durability in one package. Engineered with 4" square Armor Wall aluminum extrusion, and finished with our range of powder coat options or our exclusive aluma-TEAK finish, this eye-popping piece is at home in any environment, commercial or residential. Hand crafted cushions with open-cel foam for instant drying and Sunbrella fabrics for comfort and easy cleaning. Stainless steel industrial joints for life time of use. Enjoy a good book or lie back for an afternoon nap. Transform your pool side space with design and innovation. Relaxation has never been so beautiful.

## single cantilever with tilt option

## single cantilever with tilt option

Beautify your outdoor space with the new tilt cantilever. TUUCI designed the cantilever with a tilt option, to block sun or add privacy at any angle, all with the convenience of an out-of-the-way cantilever design. Whether you have challenging spaces, or just want shade at every position of the sun's arc, the single cantilever with tilt option is a beautiful solution.

### product features

- Easy Operation
- Multiple Location Locking System
- Option on all Cantilevers with an Auto-lift
