SERAX

Serax is more than a brand. Based in Belgium but with a global reach and outlook, we create contemporary homeware in collaboration with leading international designers and makers, bound together by a shared vision of elevating everyday spaces. Every Serax object is a balance of aesthetics and function. From the smallest to the largest, each one becomes a treasured object that can last for generations: a work of art in its own right.

Over the decades, we have set ourselves apart by trusting in the knowledge and instincts of our founders, our core values and our extraordinary family of collaborators, creating distinctive collections of tableware, furniture, lighting and homeware. Designed in Europe – manufactured all over the world.

Since 2009, the company has worked with restaurants around the globe, cultivating solid bonds with Michelinstarred chefs and translating the lessons learnt from these connections back into products for private homes & day-to-day life.

The extensive Serax family encompasses some of the most respected and exciting names in contemporary design and fine dining, including Ann Demeulemeester, Kelly Wearstler, Marie Michielssen, Marni, Ottolenghi, Paola Navone, Piet Boon, Sergio Herman and Vincent Van Duysen.

Uncharted

French collective Uncharted consists of creative director Stephanie Cohen, restaurateur/entrepreneur Julien Cohen, and designer Raphael Navot. In 2023, they joined forces, combining their wealth of experience to create a shared vision.

As an expert in culinary styling, product curation and visual identity, Stephanie Cohen draws on her travel experiences and encounters with people to create authentic experiences. She developed an excellent eye for detail and a passion for design as a co-founder of Démodé and the buyer for the fashion department of Merci in Paris.

Julien Cohen is a passionate entrepreneur and philanthropist, combining culinary innovation with sustainable thinking in the string of successful Italian eateries he founded in Paris and in the prominent Parisian establishments in which he is a partner. But his influence extends beyond the kitchen. As a tireless champion of sustainability initiatives such as La Ferme de l'Envol and the Merci Endowment, he also strives to improve the quality of life of vulnerable social groups.

As a designer, Raphael Navot seeks to seamlessly blend traditional craftsmanship with contemporary design principles. His sensory designs are deeply rooted in his appreciation of nature, drawing on the universal languages of its organic shapes. Navot's impressive portfolio, which encompasses a wide range of projects, mainly in the hospitality industry and cultural institutions, has earned him international recognition for his timeless aesthetic and inventive use of materials.

SILHOUETTE, INKU & SURFACE

Sergio Herman

World class chef Sergio Herman started his career in the family-owned restaurant Oud Sluis in Sluis, The Netherlands where he worked for 25 years.

Under his wings, Oud Sluis achieved three Michelin stars and was listed in the Top 50 of The World's 50 Best Restaurants for eight years.

Irrespective of this success, Sergio made the decision to close the doors of Oud Sluis in 2013, so he could apply himself to new projects, as restaurateur, culinary author and designer of spaces and objects that fit his universe.

Today, Sergio Herman is at the helm of the Sergio Herman Group, one of Europe's most creative and professional restaurant groups. Together with a team of specialists he developed several award winning restaurant concepts: Le Pristine* (Antwerp, Belgium & Singapore) & Blueness (Antwerp, Belgium); Pure C**, AIRrepublic* and Blueness (Cadzand-Bad, The Netherlands). Besides this, he has taken on the culinary responsibility for the French fries concept Frites Atelier.

KellyWearstler

Kelly Wearstler, founder and principal of Kelly Wearstler Design Studio, is an American designer creating multi-faceted, experiential residential, hospitality, commercial and retail environments as well as expansive collections of lifestyle product designs and brand collaborations. Wearstler is internationally recognized with distinctive design awards by numerous publications – including Architectural Digest's AD 100; Elle Décor's The A-List; Wallpaper Magazine's Top 20 Designers; and Time Magazine's The Design 100. A multi-layered, stimulating sensory experience is at the center of Wearstler's design approach. Through an exploration of materiality, color, forms and an intuitive juxtaposition of contemporary and vintage, architectural and organic, graphic and instinctual, she curates a wealth of experiences into every space. Wearstler believes that honoring history, location and architecture is imperative to pushing the boundaries and challenging the rules.

One of the key forces behind the rise of the designer hotel in the early 2000s, Wearstler is currently designing for a new age of elevated residential hotel living with a distinctive vision of authentic cultural immersion and site-specific design. Wearstler received her academic training in interior, architectural and graphic design and is the author of five design books..

Ann Van Hoey	NIDO

NIDO

Ann Van Hoey

Ann Van Hoey has been designing tableware in bone china for Serax for over 10 years. The design process for her Nido tableware started with a fairly mathematical approach, which has defined her style over the years. The porcelain tableware is complemented by 4 simple glasses that share the same shapes as the cups. Ann made wooden trays in walnut to present the porcelain forms optimally, inspired by Japan.

With Nido, Ann Van Hoey designed playful, contemporary tableware in the tradition of high-quality bone china tableware, accompanied by much craftsmanship. By combining different patterns, a fresh collection has been created, all of which fit wonderfully together and form a beautiful whole.

SERAX	
Marie Michielssen	LA MERE

LA MERE

Marie Michielssen

Marie's designs are always a successful mix of commercial feeling and originality. For every project, she thinks carefully about whether the materials and shapes chosen are viable for production and commercialisation because, as she says herself, she does not want to be an elitist designer.

La Mère, the first ceramic tableware line of Marie Michielssen, is a loving ode to the (grand-)mother figure and women in general. By embracing eating together as a moment that connects people, the collection reflects the often intuitive roles women have fulfilled in family life through the generations. The tableware looks slightly nostalgic but is, in many ways, innovative because of its vertical structure. Each shape is unique and hand-moulded. All pieces are finished with a glaze in broken white or a warm dark brown, almost black. As a third contrasting colour, Marie chose a bold Venetian red. The designer consciously chose these colours to create a mix & match of white with dark brown or red with dark brown. On some plates, Marie painted two different, universal women's faces. The emphasis is on the eyes – the mirrors of the soul – and the hands – tools to create. The proceeds of these plates go to a good cause.

MARNI	
SERAX	MIDNIGHT FLOWERS

MIDNIGHT FLOWERS

MARNI

Founded in 1994, Marni is recognized as one of the most artistic, colour-savvy, life embracing and off-beat fashion brands of today. Renowned for its subversive collections, Marni has consistently challenged the traditional codes of fashion and the seriousness of dressing up, celebrating individuality through its distinctive approach to materials and colours, combined with a unique taste for prints and shapes. Marni's quirky elegance is a range of possibilities, a lifestyle with an avant-garde spirit that holds a constant dialogue with the world of art, finding ultimate expression in special collaborations and capsule collections.

"Marni is a brand appreciated for its distinctive approach to materials and colours, our irreverent attitude to mixing different prints and forms creates a language that is unique to the brand, and one that is evident in this tableware collection at a single glance. Despite the apparent dissonances in bringing to life a ready-to-wear collection and a tableware series, there are in fact many subtle touch points. Both leave space to dialogue, materiality, tactility and sensorial emotions, and by anchoring the new line to these notions, we translated Marni's creativity through a new mean of expression." Francesco Risso

Wouters & Hendrix	LES OBJETS MOULEVERSANTS

LES OBJETS MOULEVERSANTS

Wouters & Hendrix

Since 1984, Antwerp jewellery designers Wouters & Hendrix have been bending the rules of traditional jewellery making and wearing. The brand was born in an avant-garde movement in the eighties, when the world of fashion and design changed forever as Belgian fashion designers such as Walter Van Beirendonck and Martin Margiela launched their pioneering collections.

The designers behind the atelier - Katrin Wouters and Karen Hendrix - managed to build an international reputation by creating jewellery that strikes the right balance between art and wearability. Since then, the brand has continued to take shape in a dialogue with surrealism, an art movement from the 1920s that explored dream-like imagery.

Wouters & Hendrix combine the dreamy and playful subversion of surrealism with outstanding craft for their designs, which are all handmade in their Antwerp atelier. Together with Serax, the jewellery designers now venture into new territory with a line of crockery and tableware while staying true to their brand DNA. All their designs have that same hint of magic, that same artistic twist. Because your home also deserves its own jewellery.

Roos Van de Velde	PERFECT IMPERFECTION

PERFECT IMPERFECTION

Roos Van de Velde

This porcelain range is a symbol of innovation in several ways. It is the first time a collection is produced in which imperfection, defectiveness and coincidence are given the chance to play their part during the production process. Hence the name, the Perfect Imperfection. The collection is modular, the ratios are proportional, and all items are nicely attuned to one another.

ANN DEMEULEMEESTER – SERAX

RA & DÉ

RA & DÉ

Ann Demeulemeester

Ann Demeulemeester founded her eponymous fashion label with long-term creative partner Patrick Robyn in 1985 and quickly became a key figure in redefining the voice of fashion internationally. In 2014 she stepped down from her fashion label and has since been exploring a variety of new formats, including sculpture and ceramics.

Since 2019 Demeulemeester has been collaborating with Serax to produce collections of porcelain, cutlery and glassware. This was followed by a range of lighting and luminous objects. In September 2022 they released a comprehensive furniture collection of stools, chairs, tables, consoles, seats and sofas in a variety of materials.

Ann Demeulemeester is known to represent an intelligent approach to design – rising above trends and instead offering a continually evolving world that is both deeply personal and profoundly relevant to its context – thanks to its integrity and fierce independence. In essence, Demeulemeester's work continues to explore and celebrate contrasts – a beauty that is found in the interplay between strength and fragility, structure and nonchalance, poetic and radical, preciousness and functionality.

SERAX	
Anita Le Grelle	TERRES DE REVES

TERRES DE REVES

Anita Le Grelle

“I have five children. When my last child left home a few years ago to study in England, I suddenly had heaps of time, and for the first time I could focus entirely on my work.” The energetic Anita Le Grelle spends up to twelve hours a day in her studio. There, she translates her immense creativity into, among other things, her Terres de rêves line for Serax. In natural shades that reference the earth, sky, and ocean, she continues to expand her dream world.

Starting from something that she lacks, or as a creative protest against everyday objects that she simply does not find sufficiently attractive or useful, Anita Le Grelle brings ceramics to life. The refined appearance and the different layers of glaze characterise the entire line.The energetic Anita Le Grelle spends up to twelve hours a day in her studio. SERAX	
Vincent Van Duysen	CENA & PASSE-PARTOUT

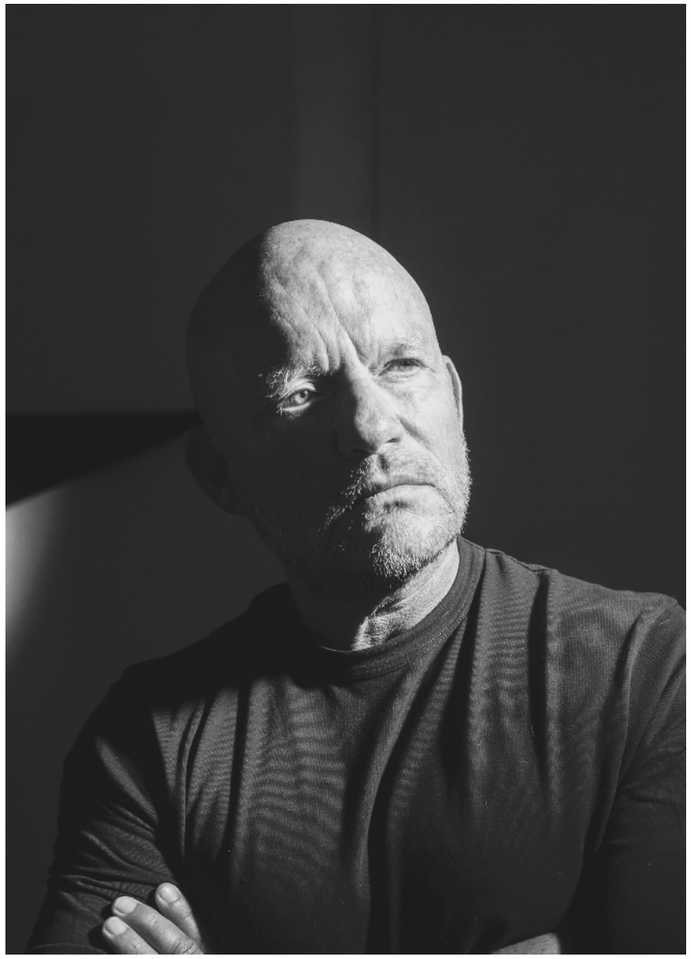

Directions

Vincent Van Duysen

Vincent Van Duysen (1962) is one of Belgium's most acclaimed architects, interior designers, and product designers. After studying architecture at Sint-Lucas in Ghent, he gained a few years' experience with major players such as Aldo Civuc and Jean de Meulder. In 1990, he launched his own studio in Antwerp, where today, a team of more than 20 architects and designers helps to promote his vision. A vision that stems from an unbridled curiosity, focussing on the creation of an all-embracing atmosphere. Environment, architecture, interior, and design objects, everything is completely intertwined.

His style builds on purism and a sophisticated use of materials. Timeless designs, reduced to their very essence. Respecting tradition, he translates antique and vintage art and architecture into the design language we understand today. The emphasis is always on aesthetics, comfort and convenience. His designs steer clear of trends. They never clamour for attention, they simply stand out naturally for their simplicity and tranquillity. This is not only reflected in his designs for international companies such as B&B Italia, Poliform, Molteni&C, Paola Lenti, and Viccarbe, but also in his collections for Serax.

Ottolenghi	FEAST

FEAST

Ottolenghi x Bisignano

With an abundance of colours, vegetable prints and positive vibes the brand new FEAST collection reflects everything his creator stands for. The British-Israeli chef Yotam Ottolenghi created this range of expressive tableware with the most joyful of gatherings in mind: coming together with friends and family, sharing food and exchanging stories.

On this project the chef joined hands with Italian artist Ivo Bisignano. “Ivo is a good friend as well as a soul-mate for the creative process in all Ottolenghi graphics”, Yotam Ottolenghi states. “His art, in whatever medium, is honest, expressive, bold, joyful and colourful. Attributes we strive to achieve in our food.” The various sizes in plates, the vibrant colours and different patterns all evoke the typical Ottolenghi feeling of ‘outrageous casualness’. Of creating tables that are informal but very abundant, eccentric even, at the same time. “We have tried to tell the Ottolenghi story in objects. It is a story of the tension between the earthy and the sophisticated, between passion and refinement, tradition and novelty. Ostensible opposites, existing together in dynamic harmony”, Ottolenghi says. “This collection is a collaboration nourished by camaraderie and by the sharing of lovingly-made food around a beautifully-laid table. We hope you enjoy it as much as we do.”

Pascale Naessens	PURE

PURE

Pascale Naessens

After five intensive years as an international fashion model, Pascale Naessens returned to Belgium, where she began a career in Belgian television, and not only translated her passion for health and cooking into diplomas both for health consultancy and as a restaurateur, she also wrote a series of cookery books. Today, Pascale is one of the best-selling culinary authors in Belgium.

Pascale became fascinated with ceramic pottery. She then embarked on her own studies with ceramic for several years and attended numerous courses on ceramics, glazing and firing techniques. She created ceramic tableware in her own workshop and then took her prototypes to Serax. This collaboration resulted in the 'Pure' ceramic tableware line. Her fascination for ceramics is a natural complement to her cookbooks, the common theme being Pure. Because seeking to live a worthwhile and pure life is the basis of Pascale Naessens' world.

Merci	LA NOUVELLE TABLE & MEAL X3

Merci

Merci is a magical place located in the heart of the historic Parisian district of Haut-Marais. Founded in 2009 by Bernard and Marie-France Cohen, it is more than a fashion store, more than a concept store, it is a place where people can meet to have a drink or meal at one of the cosy catering facilities while they are shopping for the latest fashion or designer objects for their homes.

With Merci, the French word for thank you, Bernard and Marie-France Cohen wanted to express their gratitude to life, to say thanks to all the creative talents that have made their success possible. Therefore, Merci has also offered a platform to numerous young designers who are looking for a way to introduce their work to the public. After all, success enables generosity. This generosity is yet again reflected in the fact that, from the very beginning, the founders of Merci decided that part of the profits would be used to finance an endowment fund to finance education and development projects in southwestern Madagascar. And with that, their final 'merci' goes to all their customers who make this project possible.

SERAX	
Frédérick Gautier	FCK

FCK

Frédérick Gautier

The very first meeting between Serax and Frédérick Gautier triggered an emotional connection that would soon lead to a unique cooperation. The teapots, cups and plates made of 'concrete' stoneware not only reflect Frédérick's profound preference for brutalism, they also refer to architecture, especially to Le Corbusier, and the materials that have provided mankind with a chance of survival. Because without the combination of water, earth and sand, mankind would never have been able to invent concrete, the very essence of modern housing.

Each item in this early collection is unique, building on elementary shapes such as cylinders, columns, cubes, cones and discs. Furthermore, the teapots and cups also bear the inscription FCK, an ambiguous pun, but not in the way you might think: the three letters not only represent the initials of the designer, but in the technical jargon of the construction industry, fck is also the unit used for the characteristic compressive strength of concrete after a drying period of a lunar month.

COSE

Bertrand Lejoly

Cose is a collection of accessories that can by no means be pinned down to the bathroom. The bowls, jars and soap dispenser can be used equally in the kitchen, to serve the aperitif, or as storage containers. The rounded lines fit perfectly into the simple and refined design language of the Belgian designer, Bertrand Lejoly. The craftsmanship involved in the manufacture of these porcelain objects in off-white and off-black also ensures that Cose looks unique and certainly not sterile.

Bela Silva	ETERNAL SNOW & JAPANESE KIMONOS

ETERNAL SNOW & JAPANESE KIMONOS

Bela Silva

Do you still remember those glass domes with a winter world inside, which you shook to make snowflakes whirl round? A touch of magic, encased in glass. It was this enchantment that caused designer Bela Silva to set about creating the glass collection Eternal Snow. She gave the four glasses, two tall and two low models, a playful touch by designing the foot and chalice in an imperfect shape. The texture of Eternal Snow is smooth, although the glass was blown into an atypical shape. Playful bubbles are visible in the foot. The round shapes and soft colours (smoky grey for the foot and soft green for the chalice) are inspired by the colours of the night sky.

Bela is a true citizen of the world and often incorporates impressions from other cultures in her ceramics. She has named the dishes and bowls Japanese Kimonos because the patterns and colours remind her of Japan. It is a particularly optimistic series, an ode to summer, to picnics on the grass, to flowers and blue skies. Perfect for bringing a touch of spring into your home.

DUSK

Martine Keirsebilck

The clay itself – this soft, supple, fire clay – inspired designer Martine Keirsebilck to design a series of plates, bowls and dishes. The result: DUSK. A serving set with a deep charcoal grey color. The color is unconventional and demands the user's creativity and inspiration.

Maarten Baas	INNER CIRCLE

INNER CIRCLE

Maarten Baas

Maarten Baas is one of the most renowned European contemporary designers. He founded the base of what we call today Dutch contemporary design. There are few designers who embrace spontaneity and madness in the creative process as Baas does. In his younger years, he set priceless design classics on fire, later on he welded the most phantasmal closets of all time. After that, sketchy pencil lines on paper were brought to life. His work reveals the inner child that's hidden somewhere deep inside all of us and the design community fiercely appreciates it.

Maarten Baas is renowned for his playful objects that evoke the imperfection of the human hand instead of the straight line of the machine. For his new collaboration with valerie_objects, it is no different. Inner Circle is a large set of tableware objects, from plate to water can, contriving that typical human and playful Maarten Baas feel. Every object is a materialisation of imperfect circles that Baas drew by hand. The irregular shapes combine well, making it easy to create an organic composition on the dinner table. 'When a chef does the plating of a dish, he does it with great care but avoids perfect geometry', Baas explains. 'There has to be a certain schwung to it. I created Inner Circle in the same way'.
