# XENIA <sup>New</sup>

Xenia, named for the ancient Greek concept  
of hospitality, is designed to celebrate the  
art of gathering. Crafted from European  
crystal, each piece features a gentle swirling  
and optic silhouette that brings movement,  
elegance, and a touch of sophisticated  
whimsy to the table. Refined yet playful,  
Xenia is made for moments worth enjoying.

### From Concept to Creation

*Tailor Made puts the power of custom design in your hands, allowing you to create glassware, drinkware, or tableware that fully captures the essence of your brand. With options for custom branding, fine etching, and completely original designs, each piece begins with your vision and evolves into something exceptional—crafted precisely to elevate your presentation.*

*Our design process covers every detail with meticulous attention, ensuring that textures, cuts, and finishes are seamlessly integrated to create a refined, cohesive look. We collaborate closely with you to shape each item into a reflection of your unique aesthetic, creating products that are more than functional—they're a work of art.*

Key Coupe Design

*When your custom products come to life, they do more than serve a purpose; they make a lasting impact. Tailor Made pieces are crafted to create unforgettable guest experiences, transforming moments into memories and showcasing the quality, style, and intention that set your brand apart.*

H: 6.5" T: 2.75" B: 2.75"  
14 oz. / 414 ml. - 6 Pieces

#### Storage:

- Avoid placing cutlery inside glasses.
- Only stack glasses designed for stacking..

#### Usage:

- Refrain from lifting glasses in clusters
- Exercise caution to prevent contact with the beer tap.
- Avoid pouring cold liquids into glasses straight from the dishwasher, as it may cause cracks. Preheat glasses for hot drinks by rinsing them under hot tap water.

#### Cleaning:

*These products are designed to endure the demands of the Foodservice and Hospitality Industry, including automatic dishwashers prevalent in most establishments.*

*To maintain product quality, consider the following:*

- Wash new glasses before use.
- Use a non-caustic detergent, as caustic detergents can affect head retention, etch the glass, and create a shadowy tinge. Ensure water on the premises is stored at 140°F; excessively hot water may bake debris onto the glass.
- Discard glasses with cracks or chips immediately; never put broken glasses in the dishwasher.

#### Hand-Wash Only:

*Glasses labeled as such may chip or lose color when exposed to the high temperatures of a conventional dishwasher due to specialized pigments or artisan touches.*

#### Cork Care:

*Handwash the glass in warm soapy water and dry with a soft cloth. Clean the cork with a soft brush or damp cloth. Do not leave immersed in water or place in dishwasher. Allow to dry naturally.*
